

HOW TO LOCATE IPSWICH HAVEN MARINA FROM A14 JUNCTION 56

We do not advise using a post code to locate the marina.

Exit A14 at Junction 56. Follow A137 towards Ipswich.

Go straight over 1st small roundabout.

Cross 2nd roundabout, continuing along WHERSTEAD ROAD.

Take 1st exit off next roundabout, continuing along WHERSTEAD ROAD.

At traffic lights take right lane and cross STOKE BRIDGE in right lane.

At roundabout immediately after Stoke Bridge go all the way around the roundabout as if to return over Stoke Bridge, then IMMEDIATELY turn left into ST PETER'S DOCK.

Keep right and pass through the gateway into the dock/marina complex, then just before the large green buoy, turn left to Ipswich Haven Marina. Pass through barrier using the code.

Continue along road through the boatyard, bearing right at the end, and continuing to drive along the waters-edge leaving 'Fairline' and then 'Spirit Yachts' sheds to your right. At the very far end of the road you will see two large blue dockside cranes. Park in the car park adjacent to the cranes. The building you will see is the toilet block. Use the gate code to access the toilet block and to pass through the blue mesh gate to get down to the boats.

Please display a parking permit in your vehicle. Please ask on board the boat for a permit.
